REMARKS

Claim was objected to as lacking proper antecedent basis. In response, the

applicants have amended Claim 2 to remedy this deficiency. Claim 16 was objected to

as being indefinite under 35 USC 112. Claim 16 has been cancelled, so this objection

is moot. It is believe that the foregoing amendments have corrected the informalities in

the claims.

Rejected Claim 16 was cancelled. Claim 2 was amended to be allowable. The

allowance of Claims 1 and 3-15 is gratefully acknowledged by the applicants.

Therefore, Claims 1-15 are patentable.

It should be noted that the foregoing changes were made to further prosecution

of the patent application. No admission is made that the rejected claims 16 is obvious

in view of Schapire and Pudil.

In summary, it is believed that the foregoing amendments have placed Claims 1-

15 in condition for allowance. Allowance of these claims at an early date is courteously

solicited.

Respectfully_submitted,
